Attention: Saskatchewan Knights of Columbus Charitable Foundation

Dear Brother Knights:

On behalf of our organization Canadian Aid to Persecuted Christians (CAPC) who are the contingent stakeholders responsible for the settlement of the refugee family of Dilshad Maqsood, his wife Ruby and his son, Abneer, we would like to thank the Saskatchewan Knights of Columbus Charitable Foundation for your generous donation of \$1000 that can be utilized by the family for monthly food purchases going forward.

The family currently receives monthly income support of \$2626.77 from the sponsorship agreement holder according to the requirements for a family of 3 persons. Hence, after their apartment rent of \$1461 per month is paid, the family has just \$1165.77 to cover their other fixed/variable monthly expenses of electricity use (Sask Power bill), cell phone/Wifi, monthly bus passes/ride tickets as well as other expenses.

The family was at a loss for words when I shared the cheque of \$1000 with them this week. They wanted me to express their gratitude to the Saskatchewan Knights of Columbus Charitable Foundation on their behalf. I believe this family will certainly be able to make use of this monetary gift in assisting with their monthly grocery bill and other incidental costs.

I just attended the Charity Gala last week, so that I am more aware of the tremendous work that the Saskatchewan Knights of Columbus Charitable Foundation does on behalf of so many worthy causes across our province. Thank you again to your Board members for all that you do.

Sincerely,

John Marshall
Recorder, Canadian Aid to Persecuted Christians
